

TOWN OF RHINEBECK, NEW YORK

Summer Day Camp

Summer Soccer Camp

Dear Campers,

New York State Public Health Law now requires written parental permission for a child to carry and use sunscreen and/or insect repellent. The legislation further requires the camp to maintain record of the parental permission and allows camp staff to assist with the application of sunscreen when the child is unable to do so, provided the child requests the assistance and that this assistance is permitted/authorized by the parent.

The Town of Rhinebeck does NOT supply insect repellent or sunscreen. If you would like your child(ren) to use either of these products, please make sure your child(ren) brings them to camp each day.

You must also sign the permission form below. A separate form must be signed for each child in a family. If we do not receive a signed form from you, we will assume you do not wish for your child(ren) to use insect repellent or sunscreen.

I give my child permission to use (please check all that apply):

Insect repellent and/or sunscreen

Only insect repellent

Only sunscreen

I hereby give permission for the Town of Rhinebeck Summer Day Camp / Summer Soccer Camp staff to provide my child with assistance applying repellent and/or sunscreen, only when the child requests it.
